

# SmartConnect

The fast, easy way to launch Bill Me Later

Bill Me Later  
SmartConnect helps  
you launch quickly  
and operate at a  
lower cost — today,  
tomorrow, forever!

**Overview.** Implement fast. Securely access Bill Me Later services over the Internet via a simple API. Get higher reliability and redundancy than you can achieve via a frame connection—at a fraction of the development and management cost. Powered by CyberSource, the leading enterprise payment gateway that processes \$1 out of every \$8 transacted online by US consumers.

## Reliable, Ready-to-Use Connection

- Triple-redundant connection:
  1. Redundant, fault-tolerant networks
  2. Redundant data centers
  3. Redundant processor connection points—not just redundant connections.
- 99.98%+ uptime
- Managed 24x7

## Installs Quickly in Any Environment

- Fully operational in 2-5 days
- Flexible API installs in almost any environment
- Built-in 3/DES RSA1024 transaction security
- No need to code to processor API
- No need to certify connection with processor

## Eliminates Maintenance Hassle

- Managed 24x7
- Processor enhancements are automatically supported—no need to manage updates

## Complete Reporting

- Online transaction search
- Online reporting
- Downloadable reports (CSV, PDF, XML)

## Compatible & Expandable

- Installs alongside your current payment solution
- Can serve as back-up to your current card processing connections
- Add additional global payment and risk management services “on demand” (e-checks, fraud screening, regional payment types, etc.)

## Integration Options & Professional Services

- Pre-built payment integrations for popular platforms  
*some may require modification to support Bill Me Later*
  - ATG
  - CommercialWare
  - Escalate Retail
  - MarketLive
  - Microsoft Commerce Server
  - NetSuite
  - Oracle/Siebel/PeopleSoft
  - SAP
- Web Services API (XML, SOAP), SOAP Toolkit API  
Web Services Clients: Java, .Net, Java, ASP/COM, more
- Professional Services available for custom integration

## Award Winning Support

- Phone & email support 6am-5pm (Pacific Time)
- Online knowledgebase and support resources
- Independently audited, award winning results: 2002, 2003, 2004, 2005, 2006.
